STONE GROUND FLOUR MILLING

The Bakers Solution to in-house wholegrain milling & flour sifting

Introducing our commercial range which represents the very best of design, quality and craftsmanship, specifically where it's difficult to get European quality at a good price. The Skippy range of European Commercial Flour Mills, Flour Sifters and Silo Dispensing Systems include well respected brands Hawos, Osttiroller and Waldner

Each mill is made exclusively by hand from solid pine and beechwood, with great attention to detail drawing from decades of tradition and individual customer ideas and suggestions. In addition, each of these commercial mills are adapted to the technical and safety requirements of the respective country.

We also offer a range of ATTA Chakka Flour Milling Plants
